Is Expanding

Not only are more and more kids (and adults) being born again into God's family, our www.GodsFamily.com web site continues to expand. Karen Kiser (Olivia) and Roger Cornelius (Pedro) along with the help of Rich Anderson, did a super job of recording the French version. We are thrilled to announce that the French sound track is now in the hands of Mike Milo, the animator. Mike is working on matching the mouths up so that it will actually look like a French animation and not just one that was dubbed into French. This is a very time consuming process which will cost us \$3,600. Please pray that these funds will be available

French recording session

by the time Mike is finished so that we can get the French version on the site without delay.

Are you ready for this? The Spanish version is also recorded. Yes, that is right, it is in "the can". Now we just need to get it to Mike. It is really exciting, as people have become aware of this version, they are requesting copies to take on mission trips to Spanish speaking countries. What a great way to present the gospel using a laptop, DVD or projector. What a great way to get a conversation started on spiritual things. This is going to cost us another \$3,600 but we are convinced that God will provide for this vital tool.

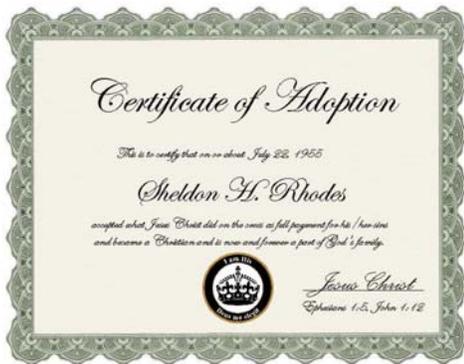

Spanish recording session

God had a plan that was totally different from what we had planned in getting the Spanish version done. The people we had thought were going to do the voices ended up not being available. This was not a surprise to God and He already had someone else in mind. Cassie Benitez is the Spanish teacher in the public high school in Scottsbluff, NE. She and her son James, provided the voices and did an absolutely outstanding job. Jerry Fegler provided the equipment and ran the controls.

We have people willing to record German, Hungarian and Filipino versions. Can you see the day when people from all over the world will be able to see and hear how they can be adopted into God's family? We can, but we need your continued prayers and support.

Yours FREE

If you have ever talked with anyone who has adopted a child, you know that it is expensive. Well, the price for you and me to be adopted into God's family was pretty steep too. It cost Jesus His life. God's only Son paid the price so that you and I could become the sons and daughters of God. God's grace made all of that possible.

Now you can get your very own "Certificate of Adoption" to frame and hang on your wall at the www.GodsFamily.com site. Then the next time the devil tries to get you to doubt if you really are a child of God, you can point to the certificate on the wall.

When the devil reminds you of your past, remind him of his future.

NEW

We have something new and exciting we'd like to share with you! It's the new **Jest Kidding** toolbar – once added to IE or Firefox, each time you shop at more than 1,300 stores (from Amazon to Zazzle!) a percentage of your purchase will automatically be donated to **Jest Kidding** – at no cost to you (and you may even save money as the toolbar provides coupons and deals as well!). The toolbar also has a search box and each time you search the Internet, about a penny is donated to **Jest Kidding**. <http://www.goodsearch.com/toolbar/jest-kidding>

And please pass this along to all of your friends. The two minutes it takes to add this toolbar to your browser can make a life changing difference helping us reach the lost for Christ!

Family News

A lot of things have happened in the past few months. Iris, our 4th grandchild, ended up spending several days in the hospital when she was only a couple of months old. Actually she was in and out of the hospital several times. She could not keep any food down. They ran all kinds of tests and never really determined what was causing the problem. She gave everyone quite a scare. Praise the Lord, she is doing fine now and just had her first birthday. She and sister, Paislee are best friends.

In March Kedron and his family moved from FL back to MI. Ked accepted a position with Zondervan publishing in Grand Rapids as a web designer. Ked & Amelia wanted to be closer to family. They got that for sure by moving in with us. They needed to sell their house in FL before they could find one up here. Praise the Lord, the house has sold. Vicky and I are really enjoying having them with us.

Karon and Michael's twins will soon be one year old. Karon was here with them for a short visit. During that time we were able to get a picture of them with my Mom and her twin sister. Too bad we couldn't work it out to have our twins, Kurt and Ken in the picture too. That would make 3 sets of twins.

Close Call

Vicky had a close call with a huge rattlesnake this Summer. We were doing a week of camp in WY. Vicky and I were on our way back to where we were staying when the snake gave it's warning that it was about to strike. Praise the Lord for His watch care.

Are You Connected?

Most people today have a computer and access to the internet. If you don't have one, you can still get on the web at your local library. It really is a great way to stay connected with each other. There is nothing "new" in this newsletter. Everything that is here is actually old news. Those on our "prayer group" email list knew all of this almost as fast as it happened. They were able to pray for Iris as she was in the hospital. They knew about the snake, etc. If you have email and are NOT on our list, you can add yourself by going to www.jestkidding.com and clicking on the "Contact" button and then on the Prayer Group list button on the far right. You could get newsletters without postage too.

If you want to keep up on a daily basis, join us on Facebook and follow us on Twitter. Both are free and you will know how to be praying daily.

Every time you search the web or buy something, you COULD support our ministry. Go to www.goodsearch.com and select Jest Kidding. You can also add a Goodsearch toolbar (see page 1). Supporting us could not be easier. Just search the web.

You Asked For It

Today more and more people are doing their banking and bill paying online. This is also an easy way to support your church or missionaries. We have had people ask if they could have their monthly support automatically transferred from their bank to ours. Well, now you can. Things are now set up with our bank so that you can give directly from your bank to ours. In many ways this really is the best way. Most banks make that service available to you for free and they don't charge us anything to receive those funds. The other services like Pay Pal, etc charge us a small fee for each transaction. You can set things up online with your bank to have your donation sent automatically each month. That makes it easy for you and it allows us to plan accordingly. Here are the numbers you will need from us.
